Budget up \$5.5 million

by GLORIA DAVIS
Lakeland Newspapers

The Village Board of Antioch, having already approved the proposed budget totaling \$3,422,740, appropriated \$4,846,65 based on that budget.

Antioch's appropriation ordinance has the board setting a legal limit for budgeted items which cannot be exceeded.

For example, the budgeted general fund is \$1,078,700. The board appropriated \$1,895,100 for the general fund, thus

Cop-fire board, tanker, salary hike cause raise

setting the last figure as the maximum amount that can be spent in the general fund.

The budget of \$3,422,740 is up almost \$5.5 million over last year's budget of \$2,924,175.

The largest expenditures in this year's budget that account for the raise are the new fire truck, slated to cost \$208,000; the cost of the new board of police and fire commissioners, \$23,000; a five percent pay increase for the village staff and \$10,000 budgeted to start a tourism fund to be funded by the new hotel-motel tax.

Such things as trees being planted by the sawmill, donations to the Historical

Society Museum, anything that will make Antioch more attractive to the visitor and newcomers will come out of this fund.

Other items in the budget include, Public Works, \$324,950; Park Dept., \$94,600; Pool Dept., \$156,550; Building Dept., \$62,700; Zoning, Dev. and Economic Dev. Dept., \$96,400; Police, \$617,500; Dispatchers, \$153,750; Fire Dept., \$308,700; Fire Safety Bldg, \$49,750; Fire Prevention, \$6,150 (equaling \$304,600 for fire safety.)

The village board will be setting the village portion of the property tax levy sometime before the end of the year.

Community Band to play on Toft July 29

The newly formed Lakes Area Community Band, under the leadership of Neal Smith, Antioch Community High School, and Tom Erlenborn of Lakes Area Music, on Main St. in Antioch, will play their last scheduled summer concert on Toft. St., in Antioch on Saturday, July 29.

Membership in the band is available to

all band musicians from the Chain O'Lakes area 16-years and older.

Rehearsals are on Thursday nights, from 7:30 to 9:30 p.m., at Antioch High School.

The fledgling band also performed at the Antioch Fourth of July celebration at Williams Park and on July 15, at Forest View Park in Lindenhurst.

Lions BBQ, auction for rescue squad on Aug. 6

Members of the Antioch Lions Club are getting hundreds of pieces of chicken ready to be barbequed at their annual Farmers' Picnic, slated for Sunday, Aug. 6, at Williams Park.

The other important part of that event is the Antioch Rescue Squad Auction which

has a professional auctioneer selling donated new and antique items.

This is the biggest social event of the year in Antioch and also the function that raises most of the monies that the rescue squad and Lions operate on throughout the year.

The festive event, which will go from 11 a.m. to 6 p.m., will take place in the Lions Club Pavilion and also at the Antioch Aqua Center.

Co-chairmen for this year's picnic are Lou Santi and Ken Graesser. Prizes and auction items are on display at the State Bank of Antioch.

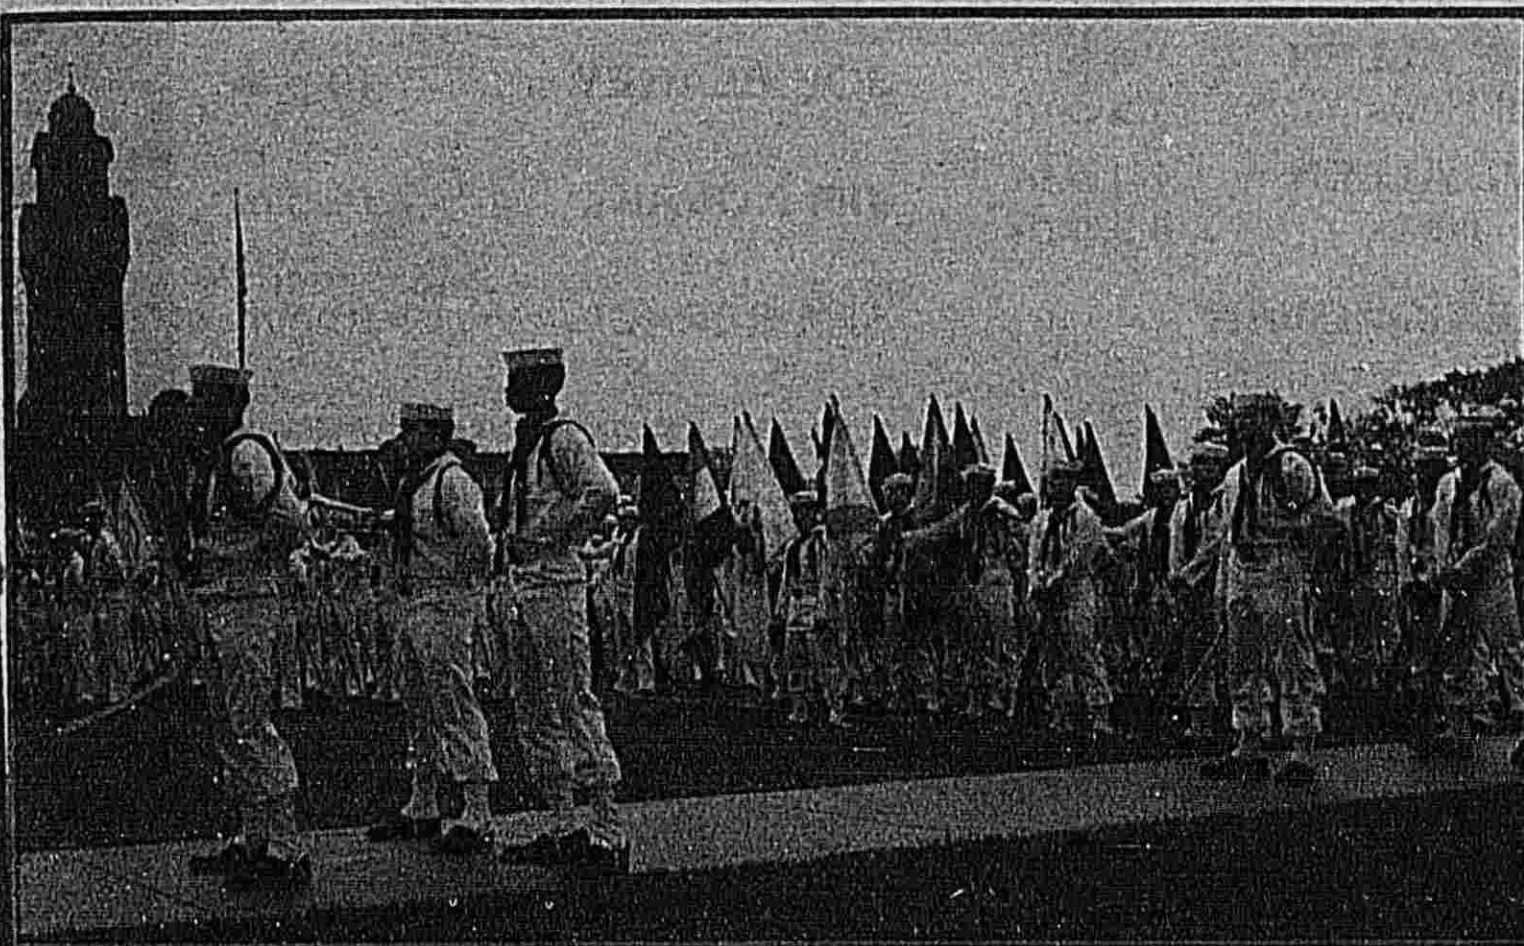

Look into pre-dawn assault

The Antioch Police Dept. is investigating the assault of a female employee of an all-night service station at the intersection of Main St. and North Ave. at 2 a.m. on Tuesday.

According to Antioch Police Chief Charles Miller, the 28-year-old woman said that she was assaulted by a white male.

She was taken to the hospital for treatment. Miller said at press time that he had yet to question the woman on whether or not it was a sexual assault.

The case is under investigation by the police.

VICTORY. TECHNOLOGY THAT GETS TO THE HEART OF THE MATTER.

CARDIAC CATHETERIZATION. A CLOSE-UP LOOK AT WHAT'S INSIDE YOUR HEART. As part of Victory's ongoing commitment to quality healthcare, we're teaming up with the cardiac experts at St. Luke's Hospital in Milwaukee to offer you the most advanced diagnostic technology in cardiac care - Cardiac Catheterization.

A brilliant innovation that can almost see a heart problem coming, Cardiac Cath is an inside look at what's really ticking in your heart. For patients with suspected heart disease, Cardiac Cath is a way to look inside the heart and see blockages of blood vessels and other abnormalities. This information then allows your cardiologist to diagnose your heart problems and recommend the best methods of treatment.

Highly acclaimed, board certified St. Luke's car-

diologists, supported by Victory's cardiac nurses and technicians, will perform the procedure on site. This assures you of nationally renowned cardiac care plus the comfort, assurance and convenience of staying in your community hospital, under the care of your own physician.

The only hospital in Northern Lake County to offer this state-of-the-art procedure, Victory gets to the heart of your cardiac problems.

CARDIAC REHABILITATION. THE ROAD BACK TO GOOD HEALTH. This medically supervised program helps people with heart disease to live healthier, more productive lives. The individualized programs provide progressive physical activities for cardiac patients and

education about cardiac health to patients, their families and the community.

WELLNESS PROGRAM: OUR COMMITMENT TO PREVENTIVE CARDIAC CARE. From smoking cessation to nutrition counseling to stress management to CPR, our wellness programs promote health and fitness through analysis and education. These programs are just one more way Victory provides you with a healthy dose of preventive medicine.

For more information on our comprehensive cardiac programs, and other Victory Memorial Hospital programs, call 360-4246.

Troop 92 canoes through Missouri

Antioch Boy Scout Troop 92 has completed a canoe trip through the states of Missouri and Arkansas, riding the scenic Current River. Fifteen Scouts and four adult leaders canoed 43 miles from Akers Ferry to Owls Bend in four days. Round Springs, Cave Springs, Pultie Springs and Blue Springs were also on the Scouts' itinerary.

Troop 92 takes Missouri, Arkansas canoe trip

Antioch's Boy Scouts of America Troop 92 completed a high adventure canoe trip on south-eastern Missouri's scenic Current River. The Current is the first river protected by the 1964 Wilderness Rivers Act and it runs about 150 miles through Missouri and Arkansas.

During their four day trip, the 15 Scouts and four adult leaders canoed 43 miles, beginning at Akers Ferry and ending at Owls Bend.

Along the way Troop 92 stopped and explored caves, including Courthouse Cave which was used during the Civil War to conduct legal proceedings. Among the many springs which feed the Current River, the Scouts saw Round Springs, Cave Springs, Pultie Springs, and Blue Springs, eighth largest in the world.

Although it rained during most of the trip, troop spirits were not dampened.

There were many occasions of canoe swamping, tree swinging, and other forms of fun. The group saw a variety of wildlife such as deer, wild turkey, turkey vultures, and weasels. In addition to canoeing, Troop 92 stopped at St. Louis's famed Westward Expansion Memorial Arch and Meramec State Park.

The Scouts who participated in this trip included Senior Patrol Leader Brian Paschke, Matt Antonelli, Gene Brown, Eric Burgess, John Harting, Jason Jorgenson, Pat Krook, J. J. Larson, Jason Pederson, Jeremie Pederson, Chris Stiller, John Thelen, Matt Vandrush, Dan Weston, and Steve Weston.

The adult leaders included Scoutmaster Dick Weston, Assistant Scoutmaster Bob Brown, and committee members Ray Harting and Jack Thelen.

In other activities, six new Scouts were invested in Troop 92 in a ceremony with their parents at the Scout House. The new

members are Eric Burgess, Geoff Landrum, Jeremiah Larson, Michael Reese, Chris Stiller, and Steve Weston.

Winners of the annual meat raffle were announced after a drawing July 4. The first prize hind-quarter of beef went to Barry Anderson of Antioch while the second prize fore-quarter was won by Pat Ponza of Spring Grove.

The third to sixth place turkey or ham prizes were won by Kathy Morrissey, Jeff Rodde, Angelo Milano, and Brenda Barrientos, all Antioch residents.

Proceeds from the drawing are used to pay the Scouts' fees at the annual two

week summer camp at Camp Pwasippe, Mich.

Other Troop camping events are supported by the ongoing newspaper drive. Area residents are encouraged to bring their newspapers (no books, cardboard or slick advertising please) to the paper trailer located near the Antioch sawmill. Troop 92 is sponsored by Antioch's Loyal Order of Moose Lodge 525. Weekly meetings are held at the Scout House on north Main St., from 7 to 9 p.m. on Tuesday evenings. For information about Troop 92 call Dick Weston at (312)356-9269.

Easier to get on ACHS's high honor roll next year

In preparing for the upcoming year, the Antioch High School Board of Education set Friday, Aug. 25 as the first day of school for freshmen and Monday, Aug. 28 as first day for all other classes. The board also set new teaching positions and hired new teachers.

The board approved adding one

additional teacher for the learning assistance program. The board also OK'd the employment of Timothy D. Bowen to teach science and be assistant football and softball coach, and also Ann M. Dachniwski as a part-time science teacher.

There will also be a new bus driver (Continued on page 7)

Pizza place faces loss of license

Ronald and Patricia Ramig, owners of Ron and Pat's Pizza Shack, on Deep Lake Rd., are in danger of losing their state liquor license.

The pizza place is one of two Lake County establishments that, according to state records, have failed to pay sales taxes up to date.

Last week, the Ill. Liquor Control Commission included the Ramigs' business in a list of 22 Chicago area operations in the same predicament. Back taxes must be filed and paid by the middle of August or the state will revoke the liquor licenses.

Edison removes local PCB spill

Commonwealth Edison's clean-up squad was in Antioch last week cleaning a transformer site on Rte. 83 and North Ave.

A decree signed by both Edison and the U. S. Environmental Protection Agency three years ago calls for the cleanup according to new lower PCBs limits.

The PCBs spill was the after effect of a transformer problem after it was struck by lightning some time ago.

Edison cleanup personnel removed waste material from around the utility pole and put it in special bags for off site disposal.

There were seven such sites in the Waukegan district running from Lake Michigan to Fox Lake, east to west and from Lake Bluff to the Wisconsin border, south to north.

These sites had already been cleaned-up by Edison but since that clean-up, new lower PCB levels have been mandated by the USEPA. All areas in the recleaning project are posted with a yellow triangular sign.

Lizard wishes Olenick 'happy sweet sixteen'

by LIZ SCHMEHL
(312)395-5380

Even a thousand plus miles isn't enough to keep true friends from remembering and acknowledging each other at special times in their lives. I have a special birthday message from Tiffany Christopolus of Florida to her best friend, Deanna Olenick of Antioch. Deanna will be turning "sweet sixteen" on July 29, and Tiffany wanted to say happy birthday to her via this column and to remind her of a special time they once had while babysitting on a particular Saturday night and listening to the theme from "Golden Girls." So, happy "sweet sixteen," Deanna, from someone who

is thinking of you often a long way from Antioch.

GLS needs volunteers
OK, people in the Grass Lake School Dist., admit it, you have loads and loads of free time on your hands, right? Well, I have just the thing for you to do with all that spare time. In fact, I can help you give away even the smallest moment of your precious relaxing time. At the July 11 school board meeting, the school board gave the green light to an idea of utilizing volunteers at the school in various ways. This new program is in the planning stages and needs an hour, or a day of your time on a fairly regular basis during

the school year. If you have some time to donate to this program, you can call one of the following people for more information and to have your name put on the

(312)395-2947, Pat Santemmo, (312)395-6574, or Liz Schmehl, (312)395-5380 ASAP in order to make this worthwhile program a reality.

list of volunteers. Contact Sally Hiller, (312)395-6643, Debbie Mozal,

Congratulations

John and Pamela Cardis have just become very happy prospective parents-to-be. The new addition to their family is due in January. John and Pam have three little girls, and something tells me a little boy may be just what the doctor ordered. Remember, folks, call and let us know when the blessed event takes place. Much happiness to you all.

Lions BBQ

As I previously mentioned, Aug. 6 is the Lions Club chicken barbecue and auction. This annual event will be held at Williams Park in Antioch from 11 a.m. to 6 p.m. The auction part of this affair is organized and run by our rescue squad volunteers. All auction proceeds go to the rescue squad, and we all know how important such a service is in our rural area. I have been told the auction items are better than ever. There is, literally, something for everyone.

There are antiques, household items, water skis, rods and reels, blow up rafts, loads of different types of sporting equipment, even a donated 4-H steer.

There are both new and used items on the auction block and a professional caller will be on hand to take the bids. Also, worthwhile items are still needed, and if you have anything to donate, you can contact Tim Osmond at (312)395-2500, or the village hall at (312)395-1000.

Throughout the day the Antioch Junior Women's Club will be conducting a white elephant sale. The rescue squad will also be sponsoring a pot luck grab. There will be numbered boats floating around in a pool, and the numbers on the boat correspond with a certain prize. When you purchase a chance, you will have the opportunity to pick a boat to see what you win. Make sure you are in the area on Aug. 6 to make a point to attend these worthwhile functions.

Once again, I am sure you all realize the importance of our fine rescue squad. This is a good way to support the squad and get something for yourself, to boot. So please patronize this function and bring a friend or two along with you.

Viking football

Viking Football is a worthwhile activity for boys in fifth, sixth, seventh and eighth grades. They must be under age 15 as of Aug. 15. Registration will be held at the Antioch

Scout house on Friday, July 28, and Aug. 4 from 6 to 9 p.m., and on Saturdays, July 29 from 9 a.m. to noon.

There will also be registration in the ACHS east parking lot on Saturday, Aug. 5, from noon to 3 p.m. Registration fee is \$40. This fee includes all practice and game equipment, all other equipment, league fees and fee for officials.

Cheerleader and color guard registration will be at the same times for girls in fifth, sixth, seventh and eighth grades. The fee is \$15. Fees for all must be paid at registration, and proof of age must be brought at that time, also.

Softball league winners

The Junior Girls' Softball Team, sponsored by Flo's Beauty Shop in Antioch, won first place in league championship. Manager John Cox and coach Ray Brausam want to thank all the girls and parents for all of their support throughout the season.

The Senior Girls' Softball Team, sponsored by the Advertiser, are the league champions. The manager, Jim Morley, and coaches Ron Horton and John Cox want to thank parents for all their support and the girls for their hard work.

Etc., etc., etc. . .

Hi to Carole Stowe, Carl Campbell, Teddy Hudson, Dorothy Raska, Walter Yele, and Florence Gofron. You've been mentioned. I need tidbits—please call me with your news items and "Ask for the Lizard!" Till next week . . .

Swim team meet

At Antioch Swim Team's Invitational Meet, the home team took first place. From left are Ranya Lindsay and Heather McIntyre, Waukegan, second place, and Mark Wilkewitz and Chris Dahler, Antioch, winners. Team has been sponsored by State Bank of Antioch for over 25 years. Team coordinator is Pat Murphy.

County deputy's badge, uniform, guns are stolen

Antioch area residents are cautioned to look carefully at the badge of a Lake County Sheriff's Deputy when being approached since Lt. Stephen Townsend of the sheriff's department had a uniform shirt and trousers and an outdated badge

stolen from his Antioch Twp. home last week.

According to Lt. Chet Iwan of the sheriff's department, Townsend's home was entered somewhere between 1:30 and 8 p.m. on Thursday. Also stolen were an antique Navy derringer, an obsolete 38 calibre revolver, a gun holster, ammunition and a scanner.

The badge is not a current Lake County Sheriff's badge, but an administrative aide badge used by Townsend 12 years ago.

Because entrance to Townsend's residence may have been made with a key, authorities are investigating the possibility that the burglar is someone the lieutenant knows.

Although the sheriff's department had nothing to do with another possible intrusion onto Townsend's property five years ago, Townsend claims someone came into his yard and poisoned two specially trained bloodhounds that were used in a suburban murder trial investigation. No one was ever charged in that case.

The fact that Townsend parks his Lake County squad car outside his home makes it apparent that a deputy lives there.

The case is still under investigation by the sheriff's department.

Galdine to face Wis. sentence

Antioch businessman and Twin Lakes resident, Nick Galdine, arrested at his office, Galdine Electronics, last March, by MEGS agents and the Antioch police, in an undercover drug bust, was in a Kenosha Court last week in connection with a raid on his home near Twin Lakes that was simultaneous with the drug bust in Antioch.

He is now in the Illinois Correctional system in connection with the Antioch drug bust.

A Kenosha County jury found Galdine guilty of delivering cocaine. He is due to be sentenced on the charge on Friday, Sept. 1.

ACHS

(Continued from page 5)

when the school bells ring this fall, Louis Channel, has also been hired by the board.

The board is still looking to hire a student assistance program director (substance abuse program), and an English and a learning assistance program teachers.

Other changes for the coming school year made by the board include a change in the criteria for getting on the high honor roll. Previously, a student had to have a grade point average of 4.5 and no grade lower than a "B." Since the adoption of the weighted grade system, the grade point average will remain the same but the lowest grade has been moved down to a "C."

Class A lunch will cost 10 cents more

next year, as the board approved raising the price from \$1.20 to \$1.30. General fees for returning students will stay at \$30 and new students will be paying \$35.

The board also:

— heard a report from Assist. Principal Steve Wapon that 144 students are enrolled in the summer driver education program and 38 are involved in the Chapt. 1 reading program. Summer school students took 369 credit semester hours.

— set school registration dates and hours; freshmen, Monday, Aug. 21, from 8 a.m. to 3:30 p.m.; sophomores, Tuesday, Aug. 22, from 8 a.m. to 12:30 p.m.; juniors, Wednesday, Aug. 23, 8 a.m. to noon and seniors, 8 a.m. to noon, on Thursday, Aug. 24.

Dist 34 absence rate at low point

Antioch Grade School Dist. 34 will be paying its substitute teachers \$5 more per day starting with the fall semester.

At its last regular board meeting, the board of education approved raising substitute teacher's salaries from \$45 per day to \$50 per day.

At the meeting, Supt. Don Skidmore told the board that "as usual, our non-certified staff had an excellent attendance record this last school year, with a 4.348 days per person absence rate."

That absence rate includes three long-term illnesses.

Fourteen staff members had perfect attendance records. The are, Ingrid Cullen, Mel Gustafson, Kathy Harp, Kevin Hauser, Joan Horan, David Horton, Al Kumpfer, Ronnie Landl, Nick Marshall, Diana Nettles, Irene Nevitt, Wes Redlin, Irene Taylor and Brett Wilton.

Nine other employees missed one day or less for the entire year.

Teachers that had perfect attendance include: Gloria Roland, Christopher Bryant, Wes Owens, Lou Ann Pitts, Marie Sheldon, Betsy Houghton, Eunice Rawson and Peg Zoller.

Eleven other teachers missed one day or less during both school semesters.

The student absence rate at Antioch Lower Grade was 4.51 percent; at Oakland Grade School, 4.36; at W. C. Petty School, 4.33 and at Antioch Upper Grade School, 5.37. The absence rate of students in the entire school district was 4.72

percent.

In other business,, the board:

— heard of the hiring of six new teachers; Debra Kirking, occupational therapist; Leslie Dacanay, physical therapist; Barbara Modica, Oakland; Roger Shule, Antioch Upper Grade; Bonnie Walsh, W. C. Petty; Barbara Teegen, Antioch Lower Grade.

Start waterways study

Along with being two of the busiest waterways in Illinois, the Chain O'Lakes and Fox River probably are two of the most studied waterways.

Now comes another plan, this time from the Army Corps of Engineers, to launch yet another study of these vital bodies of water. Is this study necessary? The answer is an emphatic yes.

The Army Corps hopes to engage the counties of Lake and McHenry, the Chain O'Lakes-Fox River Waterways Management Agency and the Illinois Dept. of Transportation in a two-year study designed to provide for a coordinated plan to manage growth along the waterways. The \$175,000 cost would be shared by the participating agencies.

Overlapping jurisdiction and confusion over authority has been detrimental. The water is under state and federal control, but counties and municipalities have power

over the banks. It was stated during a dredging controversy in Fox Lake that 19 different agencies have jurisdiction over various phases of a marina's plans to expand. That's ridiculous! The result is confusion among officials' disenchantment on the part of the public and the likelihood that the individual will do as they damn well please. This no longer can be tolerated when preservation and protection of a valuable natural resource is at stake.

There is constant pressure for growth and development along the banks of the Chain and the Fox. The 64,000 acres of the Chain and the meandering Fox that supports so many uses, including drinking water for some downstream communities, can only stand so much activity. We earnestly hope the agencies join enthusiastically and get started on the much needed study. The sooner the better.

Curbside program works

Libertyville is the latest community to join the curbside recycling program that has been working out well in Grayslake, Mundelein and Buffalo Grove.

Wauconda and Fox Lake are among communities studying curbside recycling. Without a doubt, the program offered by Waste Management, Inc., will expand because it is needed and it works.

Extra costs involved are offset by the sale of newspaper, glass and aluminum cans sorted out voluntarily by householders. The system isn't designed to generate monetary profits. The profit is in a cleaner environment and reduction of

stress and strain on shrinking landfill space.

The recycling program is well worth the effort. Officials of the early involved communities are to be commended for their courage in adopting a new program. Now if Waste Management can get its drivers to put the lid on special containers and drive carefully everyone will be happy. One of the distinctive green and white trucks rolled down Grayslake's Center St. the other day with the driver oblivious to papers and pop cans flying in all directions. That isn't the way the system is supposed to work.

Impact of impact fees

Are traffic impact fees as legalized by the Illinois General Assembly in Lake and DuPage counties having an impact? Judging from recent reports, the answer is a resounding yes.

Fee income is designed to provide financial assistance in keeping up with infrastructure costs imposed by growth and development. As a side affect, impact fees are seen as a deterrent to mushrooming growth.

The latter point is working like a charm in the superheated DuPage development atmosphere, and may already have reined in some potential Lake County growth. In both counties, officialdom and the citizenry may be in for a much needed breathing spell.

Developer J. Paul Beidler of Miglin-Beidler, Inc., in the news recently with plans to build a 125-story skyscraper in downtown Chicago, served notice (threatened might be more accurate) that he is scuttling a mall-office complex-residential complex near a north-south tollway interchange in DuPage County because of impact fees. Beidler isn't alone in being sour about impact fees.

Builders and developers are lobbying hard to water down a Lake County impact fee ordinance. So far there have been no threats from Lake County developers to close up shop, but it could happen.

All of which proves that impact fees are having an impact. You bet!

Ax or a hatchet?

Democrats who supported the temporary state income tax increase are insisting they acted responsibly. State Rep. John Matijevich (D-Waukegan) views the temporary nature as a guarantee that schools and municipalities, which also will share in the \$1.2 billion being provided, will spend the monies wisely. We hope so.

The "sock-it-to-'em" charge led by the Democrats, with help from Gov. Thompson, also resulted in a six-cent-a-gallon gasoline tax increase, 18-cent-per-pack additional cigarette tax and the computer software tax of six percent. Altogether, the tax avalanche was about all that could be endured.

Governmental bodies might be consigned to living on the brink, but Democrats feel they are on to something with the temporary tax. The transitory nature provides for tighter controls of purse strings in Springfield. Also, as Matijevich points out, in 1983 a temporary tax was imposed and was permitted to lapse two years later. So that blunts the argument that the 1989 tax has been carved in stone.

A basic difference in the two parties is

beginning to show through. To produce more tax revenue, the Republicans like to wield the ax in lasting fashion, while the Democrats prefer to chip away with a hatchet. The choice for taxpayers is pretty bleak.

2 world class events chase Aug. 'dog days'

by BILL SCHROEDER

Coming up is the week that was. And hot on the heels of the Lake County Fair.

At opposite ends of the county will be two world-class events, neither one having anything to do with the Cubs or the Bears.

Some of the biggest names in golf, and some of the biggest names period, will be converging on Long Grove for the PGA Open running Aug. 10-13 at Kemper Lakes on Old McHenry Rd. At the same time, 130 of the world's best riders will be competing at Temple Farms, Wadsworth, in the annual Young Riders Championships.

This news might not leave you breathless unless you're into tournament golf and Olympic riding competition. But let's face it, there's more to sports than football, baseball and bowling. Whoops! Basketball, too.

Bob Hope has promised to pop in at Kemper Lakes where practice rounds start Monday, Aug. 7. Ready to test the rolling Hawthorn Woods terrain are Jack Nicklaus, a five-time PGA winner; Arnold Palmer, Tom Watson, who still is searching for a PGA crown; Lee Trevino, Greg Norman, England's Nick Faldo, Bernhard Langer of West Germany and a cast of thousands. If this doesn't get your blood boiling, nothing will.

The Temple Farms riding competition Aug. 9-13 is a prelude to the 1992 Olympics. From a spectator's point of view, tests for riders age 16 to 21 range

from graceful to grueling. And what a price! Wednesday and Thursday admission is free and the Aug. 11-13 action is only \$3 per day, \$5 for Saturday-Sunday combination tickets. PGA tickets will cost a whole lot more if you can get them. (You can't.)

Laren Hasler of Lake Forest, a member of the arrangements committee, called Young Riders competition a "three ring show." Packed into the five days' action will be dressage, Grand Prix jumping, cross country, road and track, steeple chase and the obstacle course, a horseback version of Marine basic training.

"You won't be disappointed for action," Hasler exclaimed in issuing an open invitation to Lakeland residents.

Riders from Mexico checked in early at Gunee Comfort Inn. Other countries besides the U.S. being represented include Australia, Bolivia, Canada, Puerto Rico and Bermuda.

Temple Farms is becoming sort of a permanent home for the pre-Olympic riding test, serving as the Young Riders site in 1985 and 1988. This year's event originally was scheduled for Canada, but relocated back to Wadsworth when arrangements failed to fall into place. Young Riders will be back in '90 and '91. The PGA appearance in Lake County is a once-in-a-lifetime event.

Now, try and convince me that August is the dog days around here.

Letters To The Editor

Bloated bureaucracy

Editor:

When I was reading your report on the area representatives, I was glad to see that Rep. Peterson (R-60) voted against the tax increases. I'm glad that we have such a responsible representative as Mr. Peterson. In these times, we need less government and less taxes. Something has to be done about the bloated bureaucracy and the first step is to stop over taxing the citizens of this state. I simply wish the rest of our elected officials were as fiscally prudent as Rep. Peterson.

Tom Hill
Lincolnshire

chairman to revise our representation. Among the suggestions are cutting down on the size of the board to the nub and/or creating a county executive with the board winding up a rubber stamp.

We just celebrated the Fourth of July, commemorating our people's fight for representation in their government. It is to be hoped we don't lose it locally by having some tin-plate dictators taking away what representation we have left.

Conserving water

Editor:

We wanted to share with your readers the method we have been watering our yard plants and trees since we have been in a drought. We purchased a narrow piece of plastic hose and syphon our dish water and laundry rinse water into pails and carry to the plants. This is a little work but with larger families there are many helpful hands available.

Jeanette and Herb Perkins

Tin-plate dictators

Editor:

Since the defeat of several members of the Lake County Board for township supervisor, apparently the clique which dominates the county board now sees the handwriting on the wall and expects to be defeated for the county board in 1990.

There are always people who have wished to run everybody else, and spend their money, and now that their hold seems to be slipping because of their property-grabbing spending, we see a commission set up by the county board

Preservation benefits

Editor:

Anyone who drives in Lake County these days is appalled by the increased traffic, the new housing, the loss of open space. There is an open space remaining right in the City of Highland Park, and its value as a prairie and savannah containing endangered wildlife, native plants and both field and forest birds is well known. But its future is uncertain, as a developer has plans for it. The developer, Red Seal, promises a preservation corridor, which sounds good, but which in fact could upset the natural ecological balance of what is to be saved.

All of Lake County could benefit from the preservation of this area. Imagine the possibility of connecting it with Heller Nature Center just to the north of it? It is possible, now, to create a space that Thoreau would marvel at, were he here! Let us not sell out for what some believe will bring increased taxes to the community, but hold out for a place of beauty and wonder for our children and grandchildren to learn about the way things in nature used to be!

Prospect networking helps expand client base quickly

by BILL SCHROEDER
Lakeland Newspapers

Prospect networking is catching on in the Lakeland area as a tool for sales representatives to expand their client base quickly and improve efficiency.

Built around a "one of a kind" philosophy, networks intentionally are kept small and function on an informal, club-like basis.

Networks meet weekly or every other week in a no-nonsense atmosphere where prospect leads and local business information are exchanged. Typically, meetings are limited to one hour. The only social amenity is a pot of black coffee.

"This is not a social setting. We're here for work," exclaimed Rosemary Kilinski of Kildeer, district manager of a Lake Zurich moving and storage concern, and a new arrival from San Francisco.

Kilinski is a new member of the Vernon Hills Network Club which meets every other Wednesday morning at 8:00 in the community room of First America Bank, 710 N. Milwaukee Ave., Vernon Hills.

The new-found business tool also is known as a "lead club" or network club. During the brief, unstructured meeting, members exchange business cards, prospect information or "leads," and business information about the locality where they're working.

The meeting location and local business climate of interest are about the only binding forces of a network club.

The Vernon Hills club has only three members whose businesses are located in Vernon Hills. But all of the current 15 current members do business in Vernon Hills and make their homes in surrounding communities.

Ken Seifert of the AT&T Phone Center at 288 Hawthorn Village Commons and one of the organizers, explained how leads clubs work. "Our purpose definitely is not social. We're expected to bring leads."

The key to a successful network is a blend of non-competing businesses whose representatives are go-getters.

Ed Mahoney of Ultra Printing, a McHenry company with a Vernon Hills office, pointed out that mutual confidence and trust are important. "You have to get comfortable with each other."

Another member of the network, which expects to reach a limited of about 18 members, explained membership involvement as "wanting to go to bat for one another."

Kathy Nelson, sales representative of a security system headquartered in

Wauconda, emphasized the practical nature of a network. "I'm a commission sales person and I cover a wide territory. Every bit of information helps," Nelson asserted matter-of-factly.

After filling the coffee cups, Vernon Hills networkers give a brief report and start passing information. Usually, two members give a presentation on their business. Julie DeKoning of Fox Lake, a retail advertising representative for Lakeland Newspapers, reported on the company's new Libertyville newspaper. Anita Shull of Schaumburg, owner of a plant rental business in Lake Bluff, talked about the importance of time management and what kind of prospects work best for her. Networkers relate experiences, providing case histories. They inspire each other.

When networking works, members beat the competition every time. "One of my leads laughed the other day," Seifert related. "Phones? We haven't even dug the hole yet." Fellow members loved the story.

Original members of the three-month-old club relate to each other on a first name basis. Experienced professionals like Millie Sullivan of Lake Villa, who represents a Lincolnwood coffee service, speak in sales jargon or business shorthand that gets information across quickly. She helps set a fast pace for the lively meetings.

Jay Difatta, regional manager of a direct mail company, is the volunteer membership recruiter and does a good job because he knows every corner of Lake County and is affable and out-going.

George Lax, co-owner of a Lake Zurich heating and air conditioning company, only misses meetings when a client calls. Ron Goforth, assistant vice president of First American Bank, and unofficial host, knows that every session is about to "two pot" meetings.

Marianne Krueger, owner of Krueger Enterprises, a Libertyville work processing and office support business, is (Continued to Page 15)

PBA searching for more members

Preferred Business Assn. (PBA), a prospect networking organization concentrating on Libertyville and Mundelein organization concentrating on Libertyville and Mundelein businesses, meets on alternate Thursdays at 7:30 in the morning at Denny's, Vernon Hills.

PBA members plan on electing officers. They pay \$25 annual dues for secretarial and mailing services plus \$5 per meeting.

Distribution of business cards is stressed. Each member carries a supply of fellow PBA members at all times. PBA follows the "one of a kind" business category and includes several professions in its present membership of 17. PBA is interested in expanding its membership.

an outspoken supporter of networking to make a business grow.

Krueger belongs to both the Vernon Hills Club and Preferred Business Assn. (PBA), with members from Libertyville and Mundelein.

"I enjoy my contacts in both organizations. An hour long meeting isn't too much when you consider the benefits. I certainly make good use of the leads I obtain from both groups," stated Krueger enthusiastically.

With intense competition a reality in just about every field, networking as an aid to business success undoubtedly will flourish.

Day Cruises from Waikiki

by JIM WARNKEN, PRESIDENT
NORTH STAR TRAVEL, INC.

Instead of spending your entire time in Waikiki on the beach looking out at the ocean, why not get a view of Waikiki Beach from the ocean?

Day cruises from the Waikiki area can run from Pearl Harbor tours to glass-bottom boat excursions and dinner cruises. There are also quite a number of "booze cruises," which include an open bar and entertainment. Here is a list of some you might want to try.

I had the opportunity to be on board one of Alkane Catamarans with about 60 Australian cowboys one night. Believe me, those Aussies know how to party! Alkane offers a two-hour dinner cruise for about \$37 a person, which includes a sit-down dinner, open bar, entertainment, dancing and round trip transfers from your hotel. You will sail on a 100-ft. Polynesian-style catamaran.

If you want to take a morning cruise, try the catamaran at the Hilton Hawaiian Village. Nineteen dollars and 50 cents will get you a two-hour cruise with a champagne breakfast.

If all you want is a one-hour cruise, the Sheraton Waikiki has a 45-ft. racing catamaran offering cruises at \$12 a person with a cash bar.

Paradise cruises has the only sailing glass-bottom boat in Hawaii with four departures daily at \$15 per person.

A tip. Make sure you are in a party mood before taking one of the "open bar" cruises. If the crowd gets too loud for you once you are at sea, you can't just walk home. Also, beware of Australian cowboys!

New vice presidents for Saint Therese

Two new vice presidents have joined the administrative staff of Saint Therese Medical Center in Waukegan.

Robert J. Vance was named executive vice president and Joan Coatar was appointed vice president of patient care services, according to Timothy P. Selz, president of Saint Therese.

Vance comes to the medical center from St. John's Episcopal Hospital, a 300-bed facility in Smithtown, N.Y., where he had served as associate administrator since 1979. In that position, Vance managed several clinical departments with total operating revenues of \$15 million.

At St. John's, Vance coordinated the \$1.1 million implementation of CT scanning, which is generating a \$2.3 million gross annual revenue.

Before that, Vance served as assistant administrator for Central Suffolk

Hospital, a 154-bed facility in Riverhead, N.Y., where he managed eight departments with total operating expenses of \$3.3 million.

Coatar most recently served as director of clinical services for Mercy Hospital and Medical Center in Chicago, a position she held since February 1988. At Mercy, she coordinated the opening of a 14-bed skilled nursing unit and negotiated a contract for inpatient hemodialysis, which resulted in a net savings of \$50,000 the first year.

Before that, Coatar was director of clinical services and manager of the medical intensive care unit for Louis A. Weiss Memorial Hospital in Chicago.

While at Weiss, she expanded the operating room, post-anesthesia care unit and surgical services to achieve official designation as one of nine Chicago-area trauma centers.

Film Review

The life story of rock and roller Jerry Lee Lewis doesn't exactly fall into the same category as a Disney movie, even one that deals with some of the lesser evils in Lewis' autobiography.

"Great Balls of Fire," will undoubtedly draw crowds from overage '60's bandstanders to all ages that have been reading about Lewis' victory over death, etc. in more recent years.

Dennis Quaid plays "The Killer" of the 1950s. Those that buy tickets to see the sex symbol of many late Hollywood flicks will be disappointed as he plays a comical Lewis.

Just a short period of the singer's chaotic life is dealt with in the movie, his rise to fame in the late 1950s and his very controversial marriage to his teenage cousin, (one of many).

Quaid does the facial twitches, while Lewis does the actual singing. The fact that Quaid himself is an accomplished pianist, gives the performing scenes authenticity.

The real story in Lewis' life is his (so far successful) battle against booze, dope and disease. The plot bows to his earlier frivolousness, consequently we have a frivolous movie, with Lewis' song renditions and Quaid the only good things about it.

Give this one 2.5 out of five.

Dining

With the nice weather, folks seem to be willing to drive a little further to dine out, after they tire of barbecued foods, and a diet filled with potato salad, jello molds, melons, baked beans, hot dogs and hamburgers, that makes a summer an American summer.

For eating that still fails in the medium price category, but has added delicious bakery goods as a topper, why not try one of the two Ritz's, on Rte. 83 near Arlington Heights Rd., and the other on Algonquin Rd. in Rolling Meadows.

Ritz's kitchen piles the plates full to overflowing, while, instead of a bar, Ritz's has a large glass semi-circled case full of the most delicious and sinful looking delicacies for dessert.

Most people "doggie bag" the generous serving to enjoy (one serving serves two) later on at home over coffee.

At the other end of the food "stick," if you really want to feel absolutely uncasual for one night in the season of sloppiness and sloth, drag out the Sunday Go To Meeting Clothes, hit the cash machine at your bank, or check the balance of your charge cards and do dining out right by dropping in at LeTiti de Paris.

This is one of the finest French restaurants in the midwest, located on Dundee Rd. near Rte. 53.

Dinner will cost you an arm and a leg, and you'll probably have to hock all your children, but you deserve the best, so live it up. Isn't that Escargo out of this world?

The outdoor dining garden is now open at Fiddlesticks Restaurant on Half Day Rd. in Lincolnshire. Their fresh seafood and stir fry veggies are a delight.

For those cholesterol count-diet fanciers, the Country Squire in Grayslake has introduced new "lite" lunches, an excellent selection of salads and sandwiches for the "waist watchers."

Storytelling Adler fest specialty

David Adler Cultural Center's annual Festival of the Arts will be held on Saturday and Sunday, Aug. 5 and 6, from 11 a.m. to 5 p.m. The festival will feature outdoor art exhibits, art and craft demonstrations and family entertainment.

More than 100 artists and crafts people will take part in a juried exhibit. Many will be demonstrating their craft and all works will be for sale.

There will be a children's area where youngsters can create and paint wooden sculpture. Each day, mini-workshops will be held offering mask making, origami, sculpty jewelry and much more.

Storytelling, music, dance and puppetry performances will be featured as Festival '89 focuses on entertainment for children and their families.

Saturday's lineup will include Reid Miller, Bob Kann, Jim May and Paul Watkins and Friends, in an afternoon of storytelling, music and juggling. The day's activities will conclude with family barn dance with live music and instruction.

Sunday will feature two performances by the Zapato Puppet Theatre, a return visit from Kann, and a performance by musician/storyteller Jenny Armstrong.

In addition, the center will be open to the public for viewing. An exhibit by students and faculty members will be featured, along with a special exhibit by the Northern Ill. Basketmakers Guild.

See What's Happening Inside section

Families are welcome to bring a blanket and a picnic lunch and enjoy the day's performances, exhibits and children's activities. Food and beverage stands will also be available for those wishing to purchase refreshments.

Festival of the Arts '89 is being sponsored in part by McDonald's Restaurants of Libertyville, Vernon Hills and Mundelein. Admission to the festival is free.

The David Adler Cultural Center, 1700 N. Milwaukee Ave., Libertyville, is a non-profit organization which sponsors cultural arts programs for individuals of all ages. For further information, call (312)367-0707.

Steam was king

At the 33rd annual Steam Show and Threshing Bee, to be held in Sycamore Aug. 10-13, a display of steam-powered machinery, featuring old steam locomotive and threshing race will be highlight of unusual summer event for entire family.

Steam, threshing show entertainment change Crowds expected in Sycamore to take part in unusual event

Tired of Theme Parks? Bored with Summerfest? Then try something different for a change. Plans are now completed for the 33rd annual Steam Show and Threshing Bee to be held at the Taylor Marshall farm, Sycamore, Aug. 10, 11, 12 and 13.

For a small admission fee, only \$2.50 for adults (children under 12 are free), an entire family can view actual working steam engines. A steam-powered saw mill operates daily cutting huge logs into lumber, a threshing machine separates oats and straw, and an antique mill cuts wood into thin shingles.

Other attractions include antique gas and kerosene tractors, craft demonstrations,

model steam train, a charming barnyard zoo and a pedal pull for the youngsters. There is a small scale steam train in operation, and a walk through the flea market for "bargains" and much, much more.

The beautiful hardwood grove on the Taylor Marshall farm provides an ideal setting for the Steam Show and Threshing Bee, with plenty of free parking, lots of shade trees, and a natural amphitheatre which guarantees a fantastic view of the daily parade. Lots of good food and cold drinks are available, so bring the whole family. Open 7 a.m. to 6 p.m. daily. Sponsored by the Northern Illinois Steam Power Club, a not-for-profit organization.

Dining, drinking

Dining and drinking at the Milwaukee Roadhouse on Milwaukee Ave. in Libertyville is a Mexican culinary delight and worth a try.

Roadhouse's 'pizza-dilla' of a menu, popular spa

by GLORIA DAVIS
Entertainment Editor

Trendy restaurants are in vogue and the Milwaukee Roadhouse, on Milwaukee Ave., in Libertyville, ranks with the best of them.

Though it's not a large eating place, seating only 170 people, the outdoor patio stretches the seating capacity nicely, for both dining and drinking during the nice weather.

The menu is large and varied as the Roadhouse serves "all around good food," in a casual dining atmosphere.

A new item on the "starter" part of the menu is an order of blackened chicken fingers.

A chicken walnut salad, which is a pineapple boat filled with fresh chicken salad that is laced with walnuts, raisins and peaches, is tops on the salad list.

There's burgers of all kinds. Try an Acapulco pocket made with guacamole, tomatoes, cheddar cheese and jalapeno peppers, all stuffed into a pita pocket.

There are croissants galore and a Terijaki chicken sandwich that you won't be able to savor enough.

A blackened strip steak has been

drawing a lot of interest on the dinner list with Mexican Fajitas (the roadhouse's special recipe) another popular dinner item.

Besides those delicious dessert mainstays, taffy apple and turtle pie, one of the top favorites for serving with coffee after dinner is a mud pie which is filled with almond fudge ice cream and topped off with a big dollop of whipped cream.

Chef Gus Jimenez turns out Chicken Pizza-dilla with a flourish.

This is a flour tortilla covered with tender chunks of chicken, sauteed mushrooms, diced tomato, green bell peppers, shredded jalapeno cheese, with sour cream or salsa served on the side.

The Roadhouse is open Mondays through Thursdays, from 11 a.m. to 10 p.m.; on Friday and Saturday, from 11 a.m. to 1 p.m. with the large bar open until 2 a.m. on Friday and Saturday and starting at 10 a.m. on Sunday.

As for entertainment, there's often a live band playing and some video game action is also available.

The prices are right, ranging from \$4.50 to \$14.50 per person for a delightful meal served in an attractive atmosphere.

Last call for Lakeland's Cruise reservations

by DENNIS and MARY O'BRIEN

Picture yourself at the rail of the ship on the Lakeland cruise. You may be engrossed in watching a group of porpoises cavort among the ice floes. Then, a sound like a rifle crack makes you look up and with a primeval boom, a huge block of ice crashes into the sea.

It stirs a swell that gently rocks the boat and you marvel once again at the immense strength and beauty of raw nature.

This is a trip you'll never forget, this cruise through the eye-popping, spirit-lifting, astonishing scenery that comprises Alaska's Inside Passage.

First, there's the fun you'll have shipboard. Congenial new friends, award-winning cuisine, attentive crew and entertainment every night on the Costa Daphne, a beautifully appointed floating resort.

Then, there are the ports. Ketchikan is the first and you have the whole day in the "salmon capital of the world." See the quaint waterfront district and the tribal dancers and remarkable totem pole display at the state park.

We'll also stop in Wrangell where you'll walk down to Petroglyph Beach to see the mysterious, strangely carved rocks. At Skagway, with its wooden

sidewalks and frontier atmosphere, you'll feel the brawling spirit of the Gold Rush in the air.

At Juneau, Alaska's capital, you'll want to visit the famous Mendenhall Glacier. (You can walk up and touch this incredibly ancient piece of ice!) You can also shop for Indian handicrafts, gemstones and gold nuggets. There'll be time for dinner in port, or at least time to meet your friends at the Red Dog Saloon.

Some people come to Alaska just to see the animals. Bald eagles are abundant. They ride on the wind and swoop down to fish in crystal blue water. Sea otters, seal and porpoises will be your escorts, and you'll see a humpback whale or two breach the sea's surface.

You can see an Alaskan fjord close-up when the ship glides into Endicott Arm. Here pristine forests of pine

and birch and brilliant fields of wildflowers march to the water's edge where they're mirrored in its glossy surface.

But what you came to see in the glaciers. Creaking, cracking, glittering in the sun, they gleam pearly white and jade,

stopping abruptly where the sea begins. These huge rivers of ice are sometimes thousands of feet thick.

They move with inexorable slowness, carving out valleys and fjords and crunching rocks to power.

On cloudy days-and there are a lot of those in Alaska,

the glaciers show their loveliest colors, rich, deep blues and turquoise.

Lakeland Newspapers will make all the arrangements for you, the ship, the soaring scenery and the cruise to the last frontier. Call the special number in our ad for prices and brochure.

PRESCOTT

A wide wrap-around porch, complete with railings and posts, give the Prescott the appeal of an old-style country home. But don't be fooled. The interior of this one-and-a-half story home by guest designer Floyd Dinger of Creswell, is totally contemporary.

Just inside the front door, a U-shaped stairway with polished colonial wood dowel posts and banister leads upstairs, visually separating the dining room from the family room. Due to its unconventional placement in the center of the room, a bridge at the top connects the stairway to the two upstairs bedrooms. The stairs and bridge create lofty perches for watching and joining the action below, and are great for family announcements.

French doors open into a parlor with a colonial fireplace and a long mantel for family photos and heirlooms. The wood box can be fed from the outside. Three walls of multi-paned windows flood the area with soft light.

The kitchen, nook, and family room run together, separated only by an eating bar long enough for a row of stools. Sliding glass doors fill the nook with light and offer easy access to the wood deck for leisurely meals outside when the weather is inviting. A second fireplace cuts across the far corner of the family room.

A small utility room is tucked behind a bathroom handy to the double garage as well as the house. The master suite has a walk-in closet, shower and spa. The upstairs bedrooms share a bath. An extra vanity which provides make-up space outside the bathroom will be a sure hit with teens.

For a study plan of the PRESCOTT, (288-08), send \$5.00 to Landmark Designs, P.O. Box 2307, Eugene, OR 97402. (Be sure to specify plan name & number when ordering). Designers, Architects and readers with plan they would like to see featured also are invited to contact Landmark.

OUTAGAMIE COUNTY BRANCH #6

CIRCUIT COURT

IN THE MATTER OF THE TERMINATION

OF PARENTAL RIGHTS TO

A.E.K., a minor.

NOTICE OF HEARING TERMINATION

OF PARENTAL RIGHTS

TO: William J. Kuhnle, Natural Father

NOTICE IS HEREBY GIVEN, That on the 31st day of

July, 1989, at 4:00 p.m., at the Courthouse in the City

of Appleton, the Honorable Dee Dyer of Circuit Court,

Branch No. 6, will hear a petition requesting the

termination of your parental rights to the above named

minor. A copy of the petition as filed, herein is attached

hereto.

Dated this 28th day of June, 1989.

BY THE COURT:

Dee R. Dyer

Attorney Perry D. Pierre

Petitioner's Attorney

307 South Main Street

Seymour, Wisconsin 54165

(414)833-6844

You may appear in person by an attorney of your

choice.

The law grants to the court the power of appointing an

attorney as counsel for the child's parent(s) and to

appoint an attorney as guardian ad litem for the child.

Where the child or the parents are unable to retain an

attorney because of financial reasons, the court may

appoint an attorney to represent them at county

expense; if a question of ability to pay is raised, proof

may be required to justify the payment at public cost.

Carmel Golf Open

Carmel High School parents, alumni and friends are sharpening their golf skills to compete for a free Caribbean cruise at the fourth annual Carmel Open on Aug. 11. Golfers will try to hit a hole-in-one to earn the prize, a \$4,000 value.

The open will be held at Renwood Country Club in Round Lake Beach. Tee off time is 1 p.m. The sign-up fee is \$40 a person and includes dinner, golf, refreshments and prizes. Interested golfers should sign up and pay by Aug. 4 and will receive a \$5 per person discount.

Anyone who makes the hole-in-one will sail with the Carmel Alumni Assn's group cruise, scheduled to sail March 4 through March 11, 1990. The cruise will be on the Royal Caribbean Cruise Line and will sail the south Caribbean visiting such exotic destinations as Barbados, St. Lucia, Guadeloupe, St. Barts and St. Thomas.

Individual players at the open will be assigned to a foursome or players may organize their own groups.

For more information, contact the Alumni Office at Carmel, (312) 566-3000.

Volleyball Workshop

The College of Lake County will be offering a two-day volleyball coaching workshop on Saturday, Aug. 26 from 9 a.m. to 1 p.m. and Sunday, Aug. 27 from noon to 4 p.m. sponsored by American Coaching Effectiveness Program (ACEP) series. The workshop will be held in the CLC Physical Education Center, Room 706 on the Grayslake campus. The fee is \$15.

In addition to the regular coaching session on Aug. 27, there will be a volleyball drill session from 1 to 4 p.m. The fee is \$10 and includes lunch. The drill session will be held in the Physical Education Center gymnasium and will be presented by Diane VanderKooy, CLC's women's varsity volleyball coach.

Topics of the session include teaching basic fundamentals and strategies. CLC women's volleyball players will demonstrate the skills.

Those interested in the workshop should bring a pencil or pen and the textbooks "ACEP Coaches Study Guide" and "Coaching Young Athletes". Both are available at the CLC bookstore.

For more information, call the CLC Physical Education Dept. at (312) 223-3600.

North Shore Reigns

The North Shore Region won the most medals in the sixth annual Prairie State Games held in Champaign. North Shore's Region teams, which include all of Lake County, garnered 163 medals - 57 gold and silver and 49 bronze. Warren's Crystal Cobb was a member of the gold medal winning scholastic women's basketball team while four Libertyville area residents contributed to the efforts of the gold-medal winning scholastic women's soccer team.

Pioneer region was second with 117 total medals, 31 gold, 49 silver and 37 bronze. Wilco edged Blue Gray and Windy City for third place, 89-86 and Southern nipped West Central and Blackhawk for fourth place, 78-76. The Blackhawk region includes all of McHenry County.

Libertyville celebrates

Libertyville American Legion baseball players celebrate their 3-2 win over Barrington in Dist. 10 championship series Sunday. Barrington bounced back to win title game 19-8. Barrington advances to divisional play while Libertyville is at

Libertyville legion team proves its point in Dist. 10 finals

By STEVE PETERSON
Lakeland Newspapers

Libertyville's American Legion baseball team lined up along the first base line as the sun was setting at Bowen Park in Waukegan Sunday.

Minutes later, the Libertyville contingent was to receive its second place plaque. Barrington, lined up along the third base side, was to receive the first place plaque as champions of Dist. 10.

But there were no tears on the Libertyville side, no one holding their heads in the dugout after the 19-8 loss.

"We're happy with our finish. We came in here hoping to prove a point in the first game that we could beat Barrington and we did," Libertyville Manager Chris Garrison said.

While Barrington advances on to Division II play in Lombard in Legion ball, Libertyville, 19-4, will be competing in a Connie Mack tournament in Belvidere. Lake Zurich is competing at Ottawa in another Connie Mack tourney.

"We were out of pitching," Garrison said.

The Libertyville team had the tougher of the two routes going into the title series Sunday. Libertyville proved its point with a 3-2 win in an exciting opener over Barrington but needed the second game to win the title in the double elimination tournament. It had lost to Lake Zurich 9-7 in the tournament opener.

The first game Sunday started as though it would be all Barrington. Jason Schaumacker, the game's second batter, hit a Shawn Chambers pitch over the left-field fence for a 1-0 lead. He did the same in the third inning for a 2-0 margin.

Libertyville answered with a towering shot by Chris Walsh which knocked a panel off the scoreboard in the Libertyville second.

Garrison said the home run by Walsh, normally not considered a longball threat, was a motivating factor.

Libertyville had its chances throughout the game, as it left 11 men on the bases.

Rare Barrington mistakes in the fifth and eighth innings gave Libertyville the

margin of victory.

Bart Nielson started the fifth with a single and stole second. Shawn Stanek reached on an error. While a double play had the Barrington fans breathing easier, Brad Dodge came through with an RBI single for a 2-2 tie.

Matt Marquardt singled to start the eighth inning and Ed Drange put down his second straight sacrifice. A walk to Walsh followed by Nielson, who was hit by a pitch led to the game-deciding walk to Stanek, scoring Marquardt.

But there are few things certain in life - death, tax increases and having to beat a Kirby Smith coached baseball team to win

a title are three certainties.

Unruffled by the 3-2 loss, Barrington went to work quickly in the second contest. After scoring one-run in the first, Barrington tallied 15 runs over the next three innings off a tired Libertyville pitching staff.

The biggest inning was the fourth, when Barrington scored seven times on four hits and took advantage of two walks. Schaumacker had another home run to make it 16-4 in a three-hit game.

Libertyville did score three runs in the fifth inning and one in the fourth but never seriously challenged Barrington.

Nielson's big day paces Libertyville legion team

It was a baseball game Bart Nielson will probably remember for a long time.

At family picnics, or just gatherings around the Nielson household, he will be able to tell about that certain game in the Dist. 10 Legion tournament against Lake Zurich.

He may talk about the two home runs, or maybe the run he scored on the wild pitch. But definitely he will mention the seven RBI's during the 12-6 win over Lake Zurich.

"Bart is always a threat to hit home runs," Libertyville Coach Bob Langer said after the game at Bowen Park in Waukegan.

"The first one I know it would go out, but the second one I was not sure," Nielson said.

The game was played at a little more reasonable hour - a 5:45 p.m. start - than the previous meeting between the two clubs. Lake Zurich rallied to beat Libertyville 9-7 in a game which ended at 1:58 a.m. Saturday.

"It was tough for Lake Zurich to come back for a 10:30 a.m. game. A couple of extra hours helped us," Langer said.

"The extra hours helped but I would have rather have won the game," Nielson said.

Libertyville led 5-1 after three innings only to see Lake Zurich rally for a 6-6 tie in the fifth.

Erick Bruksch started the frame with a single and a stolen base.

After two outs, Ricky Split drove home Bruksch to trim the lead to 6-4. A walk preceded a two-run double by Matt Carroll and a one-run single by Dan Bell which tied the game.

"We lost our concentration and started socializing with them in that inning," Langer said.

Libertyville came right back, eliminating Lake Zurich with a four-run sixth inning. Nielson, continuing his hot day, had a two-run single in the frame which gave the Libertyville team an 8-6 lead which it never gave up.

Earlier that morning, eight hours after the win over Libertyville, Lake Zurich fell to Barrington 9-2.

In a previous game, Libertyville ousted Vernon 9-3 as Shawn Chambers picked up the win.

Lake Zurich start, end for weekend bike trek

Enthusiastic cyclists from the area will join together to tour Lake County and rural Wisconsin in the American Lung Assn. of Lake County's first Country Colors Bike

Trek, scheduled for Oct. 14, 15, and 16. The Trek is a three-day weekend of cycling at the rider's own pace through the colorful countryside. Trekkers will experience the pleasures of

an autumn get away, visiting George Williams College, Lake Geneva and Camp Lakota Boy Scout Camp near Woodstock. The 130-mile circular route begins and ends at Lake Zurich.

Lake Zurich legion team makes wait worthwhile

By STEVE PETERSON
Lakeland Newspapers

It was the last call for the Lake Zurich American Legion baseball team.

At an hour normally associated with tavern closings, there was two outs and only a runner on first base, and Lake Zurich's chances looked slim against Libertyville in the Dist. 10 final four baseball game.

But before you could say "it ain't over", the Lake Zurich squad rallied for five runs to edge Libertyville 9-7 and start the tournament at Bowen Park off on a bright note.

Lake Zurich, whose players did not get back to Lake Zurich because of the late finish until 3 a.m., paid the price for the win, though. Seven hours later, Barrington beat them 9-2, and then the squad was eliminated by the same Libertyville team 12-6.

The strange Friday night, which featured two games

lasting more than three and one-half hours, a 13-strikeout performance in a losing cause, a controversial balk call and a game-ending play at the plate.

A walk to Randy Splitt was sandwiched in between the first two outs of the inning. But another walk then kept the inning alive, enough so that Randy Mikusa, who would be a hero later for another reason, singled to trim the lead to 7-5.

That brought up Chad Cooper, who earlier had gone hitless in four at bats.

"I thought about pinch-hitting for him, but I wanted him in the field for another inning," Lake Zurich Manager Ken Anderson said.

But at 1:30 a.m. Saturday, Cooper ripped a Brad Dodge pitch for a two-run double, tying the game at 7-7.

"I could tell he was slowing down," Cooper said.

The base umpire then called a balk on Dodge at an unfriendly hour of 1:36 a.m., allowing Mikusa to score with the winning run.

A single by lead-off hitter Ricky Splitt brought home an insurance run.

Libertyville did not give up, though.

Walks to Rob Garofolo and Chris Walsh gave Libertyville a threat in the ninth inning.

Out or safe?

Libertyville's Bart Nielson strives to beat out the throw to first base during Dist. 10 final game against Barrington. Nielson's seven-RBI game, including two home runs, against Lake Zurich, propelled Post 329 to the two-game showdown with Barrington. Libertyville won the first game 3-2 but fell 19-8 in the title game at Bowen Park in Waukegan. - Photo by Alon Jeffrey.

Birmingham, Broncos too much for Corsairs

by BRENT KILLACKY
Lakeland Newspapers

Barrington Broncos pitcher Matt Birmingham shutout the Carmel Corsairs in a 2-0 victory at

Stevenson High School on Tuesday.

The shutout, in the title game of the Stevenson summer baseball regional, was Birmingham's second

of the tournament. In the opener, he eliminated host Stevenson 6-0.

Barrington's first run came in the first inning with Jason Shumaker on first, Birmingham hit a RBI

single driving in Shumaker. Eric Maloney, on the mound for Carmel, struck out ten batters, but couldn't paralyze Barrington completely.

Barrington's Jason Shumaker was hit with a pitch in the sixth and subsequently stole second. Scott Savacoll then stepped up to the plate and hit a single to left field driving in Shumaker.

"We couldn't put any pressure on them," said Carmel Coach Chuck Gandolfi. Carmel advanced

to this game by defeating Palatine 4-1 only to be eliminated by the Broncos.

"With don't swing the bat with authority yet, but hopefully we will get better," Gandolfi added.

Winning pitcher Birmingham said, "I knew I had to pitch my best game." And that's exactly what Birmingham did.

Birmingham had four strikeouts and only one walk to Tony Allport.

"It's a good sign we did not strokeout, but we also did not put a threat to

them," Gandolfi said.

Gandolfi praised the Corsairs overall effort for the summer.

"If you make a mistake against a good team and you pay for it," he said.

Carmel was kept scoreless and down to only four hits. Allport, Jim Cooney, Dan DeVito and Rob Kelleman had the four hits for the Corsairs.

The win marked the second title for Barrington baseball program, as the legion team won the Dist. 10 tournament Sunday.

Round Lake to host Lakeland tennis tourney

Round Lake Park Dist. will host the second-to-last stop in the Coke-Lakeland Newspapers tennis series this summer.

Round Lake's tournament will be held July 28-30. For more information, call

(312) 546-8558.

Hugue Chassagnemen won the Mundelein stop of the tour to automatically qualify for the championship to be held Aug. 11-13 at Round Lake. Nico Breckelmans earned

three points while Mark Kuchar, Bob Moran, Jim Wunderwick all earned two points.

Earning one point were Jeff Knight, Bill Nassello and Tom Carsons.

Swim sign-up available

Registration is now being accepted for the fourth annual Fox Lake Swim Challenge to be held Aug. 19.

The deadline for registration is Aug. 18. For information, call (312) 587-Organizer Linda Usrey said some 143 people participated in the race last year and the hope is to eclipse the 150 participant mark.

Lake and McHenry County Sheriff's Depts. and Fox Lake Police Dept. will be making sure everything goes smoothly.

"We have an extremely well coordinated effort. They do a tremendous job," Usrey said.

Swimmers compete in age categories from 10 to 90. This year's race will begin at Korpan's Landing in Fox Lake, go to the Rte. 12

bridge and Pistakee Lake and to the Fox River and the Chapel Hill bridge in Johnsburg.

Usrey said the race is unique because it does not have the same starting and finishing points.

Last year's winner was Chuck Wiley of Austin, Texas. Ivy Brown, 75, of Reno, Nevada, is expected to return.

Charcot Disease
Neuropathic bone disease, often called Charcot disease, is one of the serious disorders that may affect a diabetic's foot. The disease occurs most often in either of two foot joints or the ankle joint, and produces a weakening and softening of bone. People who develop Charcot disease have one condition in common: abnormalities in the peripheral sympathetic nervous system. The most common signs of this condition are burning pain and insensitivity. Charcot disease can strike individuals in a wide age range. A recent study found that males account for 72 percent of cases. Identifying Charcot disease is complicated by the similarity with some symptoms of other disorders. Early diagnosis and treatment can halt the destruction of bone.

Lake Villa to join regional sewage system

by BILL SCHROEDER
Lakeland Newspapers

Agreement has been reached for the Village of Lake Villa to join the Northwest Regional Sewage System.

Addition of Lake Villa is hailed as a key part of expansion to nine million gallons per day of the treatment works as Fox Lake serving the Fox Lake-Ingleside area, Lakes Region Sanitary Dist. and all of the greater Round Lake area.

"We have a workable, decent plan that will provide for reasonable growth"-Edward Benjamin.

An accord with Lake Villa was announced at a special meeting of Northwest Regional members, including the Lake County Public Works Dept., at which Walter Uhwat, Lakes Region chairman, reported that Lake Villa will be permitted to tie into the 21 inch Lake Region interceptor at Fairfield Rd. without charge.

Rudy Parker, Public Works Dept. engineer, said Lake Villa will join the system on the same basis of other members, meaning that there will be no tap-in fees for existing Lake Villa users estimated to be in excess of 500.

Lake Villa has been plagued with overload problems at its treatment works which discharges into Eagle Creek flowing into Long Lake. The Northwest link is seen as the means for putting to rest once and for all Lake Villa's sewage treatment problems.

Jim Smith, Lake Villa engineer, said

the village will be able to scrap alternative solutions.

Fox Lake officials hailed the addition of the Lake Villa area as enhancing the financial viability of the state mandated expansion that could run as high as \$22.5 million.

Northwest Regional representatives received the report at a meeting held in the Fox Lake village chambers Monday night,

July 24.

Both Parker and Fox Lake Water and Sewer Supt. Rich Leber asserted that Fox Lake presently has capacity to serve Lake Villa even before expansion and rehabilitation due to failed technology of the system put into service in 1977 when the regional system was put together with a system of inter-governmental agreement went on line.

Mayor Carl Schrimpf of Round Lake Beach questioned the addition of Lake Villa at this time when he said the Illinois Environmental Protection Agency has blocked the addition of an 80-acre Beach subdivision due to lack of adequate sewage capacity.

Schrimpf declared that there appears to be two sets of standards, "applied by the county as they choose."

Edward Benjamin, Fox Lake bonding

consultant, described a refunding program that will enable the village to adequately finance its share of the expansion. Through issuance of \$3.8 million in revenue bonds, Fox Lake will qualify for \$8.5 million in state funding.

Fox Lake Mayor Frank Meier said the village still will be eligible for a \$10 million grant.

"We have a workable, decent plan that will provide for reasonable growth," Benjamin told the officials.

Northwest Regional currently provides treatment service to 14,300 users. Addition of the Lake Villa users was computed at 3 1/2 percent that will not provide a hardship on equipment presently being used.

Monthly user fees paid by individual customers are projected as capping at \$20 with reductions occurring as more customers are added. Schrimpf stressed that this amount is over and above local rates paid.

"We'll do better as the plant grows," observed Trustee Rich Bayne, Fox Lake

sewer committee chairman. Benjamin affirmed this viewpoint.

Atty. Rudy Magna Jr., representing the Round Lake Sanitary Dist., touched on a chronic sore point—revenues collected over and above amounts needed to retire the bonded indebtedness.

Benjamin explained that approximately \$100,000 in this category will be earmarked for replacement and repair. He said a semi-annual financial review will be conducted. New bonds will be extended to the year 2007 or possibly 2011.

"The state is emphatic about separate accounts," Benjamin remarked about Magna's question of excess revenues. "Our new program lends itself to segregated revenues," Benjamin added.

Final engineering work now is in progress by Donohue and Associates employed by Fox Lake. bids for the two-year construction program are expected to be called this fall.

Merit scholarship

BUFFALO GROVE—Eric B. Goldspiel of Buffalo Grove is one of 800 students who have been awarded merit scholarships by National Merit Scholarship Corporation (NMSC). About 120 private and 90 public colleges and universities offered merit scholarships this year, and each recipient of such an award must attend the institution that sponsors it. Goldspiel's scholarship is sponsored by the University of Texas at Austin. Each scholarship winner will receive between \$250 and \$2,000 for each year of undergraduate study at the sponsor institution.

Eye tax hike

GURNEE—Gurnee Dist. 56 Board of Education members heard a report from the Blue Ribbon Advisory Committee Tuesday. Charles Crowley of the committee said the citizens group recommends seeking a 65 cent per \$100 of assessed valuation increase in the education fund and a 20 cent per \$100 of assessed valuation increase in the building fund on the November ballot.

Schools may grow

MUNDELEIN—Additional taxes of \$60 per \$90,000 home yearly are projected if Elementary Dist. 75 proceeds with a building program. Proposed is an 11-room addition to Mechanics Grove School and two rooms plus a gym at Washington School. A compromise is being considered between board members in favor of the two projects and those opposed to the cost.

Big events

ANTIOCH—The Village of Antioch will be hosting two of its biggest events of the year starting this weekend with the Chamber of Commerce's Maxwell St. Days sale. All the retailers on Main, Lake, Orchard Sts. and in the Town and Country mall on Rte. 83, will have merchandise for sale on the sidewalk. Then, on Sunday, Aug. 6, the Antioch Lions Club BBQ and Rescue Squad Auction will be held at Williams Park.

New fire stations

LIBERTYVILLE—Boller Const. Co. of Gurnee is the low bidder at \$2,678,000 for two fire stations—one located south and one north on Milwaukee Ave.—to be started this fall. When com-

pleted in 12 to 17 months they will replace the aging, cramped, two-story station in downtown Libertyville.

Bus facility

LAKE VILLA—The Dist. 41 Board of Education has been wrestling with the problem of where to construct a new bus facility. The school district buses its own children with about 23 of its own vehicles and needs a new location to park, repair and refuel the buses. The school board chose the north side of the Intermediate School for the facility, but has been hearing many reasons why village residents believe it is not a good idea to have a bus garage with a 50,000-gallon underground gasoline storage tank on school property. The board seems to be listening to the voice of the public because it has gone week into executive session to discuss the acquisition of new land for the facility.

Wants sewer bond

LAKE ZURICH—The Lake Zurich Village Board voted to put an advisory bond issue in November for financing alternatives to the village's overloaded sewer and water systems. Going with the advice of Village Administrator Ed Geick, the village voted for an advisory referendum rather than a binding bond issue because the state hasn't allocated Lake Michigan water for the village, one of the alternatives under consideration.

Name Goodwin

GURNEE—Gurnee Dist. 56 Board of Education named V. Patrick Goodwin as new principal at Spaulding School North. Goodwin was principal at South School in North Chicago for three years.

Ask different ZIP

METTAWA—Residents of this community and the one it surrounds, Forest Haven, are asking the United States Postal Service to be served by the Libertyville instead of the Lake Forest Post Office. They say students from the communities go to Libertyville High School, fire protection comes from Libertyville and their telephone exchange is Libertyville. They say streets with the same names in their communities and Lake Forest are confused by postmen, deliveryman and limousine drivers.

Hospital to expand

LIBERTYVILLE—Approval was given this week to Condell Memorial Hospital for a \$7 million expansion what includes a 136-bed nursing home, 133-unit day care center for children of hospital employees and 200-seat conference center. The okay came over objections from Dist. 5 County Board member F.T. "Mike" Graham about having a three-story geriatric center less than 100 feet from his home.

Demolition derby queen hopes for second title

By STEVE PETERSON
Lakeland Newspapers

It is one of the last sights Lake County Fairgoers will see.

Cars stocked upon cars, all waiting to be towed away the Monday after the annual fair concludes in Grayslake.

For years, that's what Grayslake resident Debbie Lachman saw as she left the fair. But unlike most, she did not view the piles of cars as scrap metal. She saw them as a means to an end.

"I want to be the Janet Guthrie out there," Debbie Lachman said.

And riding in car No. 133 in 1988, Lachman did her best imitation of the professional woman racecar driver Guthrie by winning the demolition derby.

Lachman will compete in the second of two demolition derbies at the fair on Sunday, July 30. Lachman, as always, will report early to the registration booth to make sure she races in an early heat with cool temperatures. The first demolition derby was scheduled for July 27.

The demolition derby has been a family tradition of sorts for the Lachmans, who have lived in Grayslake or Wildwood for eight years. Her brothers, Robert and Brian had competed in the derby for several years.

Her father Robert sponsors the car.

Some 25 cars are usually poised to bang and bruise each other at the beginning of each heat. Each day consists of nine heats and the winners of each heat receive an award and \$300.

There is no admission fee to view the derbies.

Lachman was the only woman in the derby last year.

Her 1974 Buick Regal will be taking hit after hit as the male drivers may try and regain the title.

"It was great. It was between me and this other guy and I was ecstatic," Lachman said of her win last year.

While her mom Jacqueline may cringe hoping against serious

injury, Lachman is clad in a helmet, elbow pads, a seatbelt and the windshield is removed for safety features in the pink car.

Lachman is assisted in preparation of the car by Andrea Pecora of Wheeling; mechanic Jim Korn of Lindenhurst; Sue Korn; Susan Pecora of Palatine; Allison Blackburn of Palatine and Meryl Pecora of Wheeling.

Beg Your Pardon

Lakeland Newspapers mistakenly quoted auditing costs for the Village of Round Lake Park as being \$7,000 in last week's edition. In fact, the actual cost for Milburn, Cain & Co. to conduct the audit was \$3,500. We regret the error.

Raucci pleased with victory

A lobbyist hired by the Lake County Forest Preserve Board is pleased the state legislature defeated measures aimed at curbing forest preserve powers.

However, Andy Raucci believes more attempts will be made in future sessions.

Raucci's firm was hired by the forest preserve panel when bills such as State Sen. Adeline Geo-Karis's

measure to require a two-thirds vote to proceed with condemnation proceedings were pending. The measure lost by three votes in the Senate, garnering 27 of the needed 30.

Raucci, who is under contract to lobby on behalf of the forest preserve until December, appeared before the board at a Friday meeting.

Cacciatore rezoning wins consent from ZBA

By BECKY JOHNS
Lakeland Newspapers

The Grayslake Zoning Board of Appeals approved a motion to recommend the rezoning of a 250 foot parcel of the Victor Cacciatore property, located on the corner of Rtes. 45 and 120 to the Grayslake Plats and Subs Committee Tuesday.

The recommendation is still dependent on the relocation of FAP 420, which is yet to be decided. The property, upon approval of the Grayslake Plats and Subs Committee and eventually the Grayslake Village Board, will be re-zoned for general business with a conditional use permit for a car wash. If the rezoning is approved by the board, then Shell Oil Corp. will be building a gas station with a Mini Mart and a fully automated car wash on the site.

Shell plans to use county water for its facility and the and the parcel of land directly east of it, possibly a McDonald's restaurant. Shell needs both facilities to use county water in order to defray the cost. Shell representative Jim Mullen said that 80 percent of the water from the site's car wash will be recycled.

Mullen added that Grayslake's other Shell station, which is privately owned, is changing to Citgo.

The zoning board had several concerns with the proposed site, among them the problem of traffic on the corner of Rtes. 45 and 120. "Traffic will be a major concern regardless of what goes in," stated James Repp, Grayslake ZBA president. The board addressed its desire for turn lanes onto the site and a frontage road that would be accessible from the Shell station to the entire property and the possible future developments there.

Another of the board's concerns was for lighting on the site, which Mullen assured them would be visible but not "light up the house across the street."

Several Arbor Vista subdivision residents opposed the site, including Arbor Vista Homeowners Assn. President Gail Alter. She stated that 90 percent of Arbor Vista residents signed a petition against the site, stating that: "we feel with three car washes in the immediate vicinity, a fourth is unnecessary." Arbor Vista residents, according to Alter, also oppose the crime, traffic, air and noise pollution that accompanies such a site.

Resident John Sanders said that the meeting should be suspended because the sign announcing the meeting was a 4 ft. by 4 ft. sign instead of 4 ft. by 6 ft., claiming it was 33 percent smaller than the board's 4 x 6 ft. regulation. Repp responded by stating, "we go beyond normal expectations when it comes to announcing meetings."

Grayslake resident Nancy Swancutt, commenting on the suggested \$300,000 to \$400,000 in revenues the site is supposed to generate, added that, "the majority of the money will come from other businesses (in that area)."

Board member Fred Schaefer said he didn't see any way to stop the growth trend in Grayslake. However, he added, "Grayslake is a little village and will remain so for a long period of time."

Our Apologies

Normal telephone service was restored at Lakeland Newspapers' central office Tuesday, July 25, after several days of problems caused by excessive moisture in the phone cabling system. Intermittent service caused inconvenience for subscribers and advertisers, giving the impression that phones were not being answered. We apologize for the inconvenience.

Morgan looks forward to position's challenges

It is not unusual to begin a new position with newfound enthusiasm.

But when Glen Morgan assumes his new role to build an economic development center at Seminole Community College in Florida, he starts with a well-founded appreciation for community colleges.

Glen Morgan

"The community college is the way to go for those students who are uncertain as to what they want," Morgan said.

Morgan has seen the benefits of a two-year college in two fronts over the last three years. Professionally, he has seen businesses grow or survive through the assistance of the Center for Economic Development (CED). On a personal side, he has seen CLC help his two daughters, Kristin and Michelle, after their graduation from Antioch High School.

Morgan explained that unlike Illinois, Florida community colleges have not yet begun to take the lead in economic development.

The Grayslake school has had its CED active since 1981. Russ Hamm, its first director, has authored books on the subject and is a member of a presidential

task force.

"The college is an excellent position to serve industry and business," Morgan, a Lindenhurst resident, said.

Morgan, who came to CLC in 1986 as director of procurement for government contracts, makes many appearances at various Lake County Chamber of Commerce functions to get the word out.

"The crucial thing is to know what the college has to offer," Morgan said.

One dilemma the college has is that when businesses are doing well, they don't have time for training; when they are doing poorly, they can't afford training.

The center offers its expertise in the following areas: setting up a business, hiring employees, training and developing employees and expanding the business. According to a brochure published by CLC, the following are among the center's clients: Abbott Laboratories, Aluminum Mills, American Air Filter, American Hospital Supply, Baxter Travenol, Great America and Roquette Corp.

Why should you choose an emergency room before you need one?

Because all emergency rooms are not alike!

The emergency room at Saint Therese Medical Center is proud to be the only Level II Trauma Center in North Lake County. Level II is a special designation awarded by the State of Illinois to emergency rooms that meet a long list of rigorous standards.

One requirement is top qualified professionals. That's why our emergency room is fully staffed with trauma nurse specialists and the most board-certified emergency room specialists in the county. Plus, trauma surgeons and other specialists are on call 24 hours a day.

So, if one of life's emergencies occurs—big or small—you can be assured that Saint Therese is bound by the State to provide the highest level of care in the area—24 hours a day, 7 days a week.

And, to round out our emergency services, the Saint Therese Area Trauma Satellite on Rt. 59 at Rt. 132 in Lake Villa is open from 9 a.m. to 10 p.m., seven days a week.

EYE CARE

News, Views & Questions About Your Eyes

By

Robert L. Epstein, M.D., Director
Illinois Center for Corrective Eye Surgery

QUESTION: Would you please explain to me what a cataract actually is?

ANSWER: A cataract is a clouding of the normally clear lens of the eye. This clouding, a natural aging of the lens in most cases, prevents light from passing through the lens to the back of the eye, or retina. Much like the lens of your camera focuses light on the film, the lens of your eye focuses light on the retina. If the front of your camera's lens becomes dirty or fogged, then the picture taken will be hazy or blurred.

Strictly for Seniors

'Big buck' eye clinics promoting more surgery

by JOHN MATIJEVICH
State Representative

The Lake Co. Council of Senior Citizens has publicized an eye screening program that may be taking advantage of some seniors. It is seen on TV, where eye clinics will provide free transportation for eye examinations after free screenings.

Now, eye screening programs, like other health testing, can be valuable. People can become aware early of health problems. Any good program can be abused, though.

In a letter I received, a citizen complained that his father was given one of these exams and they recommended that he have cataract surgery. Naturally, they didn't recommend that he see his own ophthalmologist. Their clinic could do the surgery.

In this case, the gentleman did see his own eye doctor. His doctor's exam revealed that there was no cataract. Also, the clinic had told him that he should take eye drops for glaucoma, and his doctor's

examination questioned the glaucoma diagnosis.

Cataract surgery operations are becoming "assembly line operations", and eye clinics are popping up across the country, making "big dollars". I believe that there must be protection against abuse, so that seniors and others are not taken advantage of at such clinics.

I have discussed this problem with one of our staff. My suggestion was that, when eye clinics recommend that someone have cataract surgery, they should also advise the person to "seek a second opinion". That way, the person would be protected. The fact is that people don't have a regular eye doctor, but when a testing program recommends eye surgery, I would think that one would then want to make certain that the diagnosis is a correct one. Many senior citizens who take these free screenings are led to believe, "Well, if they say I need surgery, they must know what they're doing." They know what they're doing all right; they're making a

fortune.

The letter writer suggested, too, that this problem be investigated, possibly by a state agency. The Dept. of Professional Regulation regulates professions like ophthalmologists.

Publicizing such problems does help. It alerts senior citizens to the fact that some programs are there to help them, but also to make money off of them. They should always be wary when something is offered that's "free". The costs come later.

50% of mothers get help in older years

More than 2,700 state workers have completed a caregiving survey issued by the Dept. on Aging. Roughly 30 percent of the respondents said they are caring for one or more older persons.

They are among a growing group of individuals who take care of an older relative or friend in addition to holding down a full-time job.

Most of those caregivers are family members. In fact, it is truly a myth that the family is not there to help their aged relatives when they need them. An estimated 80 percent of care needed by older people is provided by family members.

Of the state employees responding to the survey, 50 percent reported caring for their mothers, 12 percent for fathers and 21 percent for other relatives.

The Ill. Dept. on Aging's study also found:

- The majority of caregivers are women over the age of 40.
- The average time spent caregiving ranges from four to 33 hours a week.
- Caregiving usually takes the form of companionship (80 percent), transportation (60 percent), household chores (60 percent), managing finances (41 percent), and direct financial support (27 percent).
- Care usually was the re-

sult of: illness or injury (54 percent), hospitalization (35 percent), death of a spouse (27 percent), and retirement/fired (13 percent).

Another striking finding was that 75 percent of the caregivers said their caregiving responsibilities interfered with family, social or emotional needs at least some of the time.

Other research has shown that caregiving can become an interference in the workplace. For example, a study conducted by the American Assn. of Retired Persons found a variety of problems associated with caregiving, including absenteeism, tardiness, unscheduled time off, excessive use of the telephone and overall reduced productivity.

For this reason, several major companies are offering caregiver assistance programs as a part of their benefit package for employees. Not only are they providing information to employees about services such as in-home care, home-delivered meals and respite care, they are beginning to accommodate employee caregivers by allowing them to have flexible work schedules.

The Dept. on Aging operates a toll-free number to help caregivers find a: adult day care, chore/housekeeping, homemaker, meal and transportation services, as well as many

other senior programs. The number is 1-800-252-8966.

Growing old is no reason to stop growing.

Someday, you may need special care for an elderly person you love. That's when you'll be glad you know about Hillcrest Retirement Village.

Hillcrest is an intermediate care nursing center. But more important, we're a group of people who care enough to respond to other needs as well. Needs for compassion. Companionship. And Comfort. We offer therapy for the mind as well as the body. With activities that challenge both. From continuing education classes to daily exercise classes to arts, music and crafts.

We believe the most important part of elderly care is caring.

It's not the warm, relaxed surroundings that make Hillcrest so special. It's the attitude that flourishes in such a pleasant atmosphere.

For a detailed brochure, write Hillcrest Retirement Village (an Intermediate Care Nursing Center), at 1740 N. Circuit Drive, Round Lake Beach, Illinois 60073. Or call Ruth Lange at (312) 546-5301. It's a decision you would feel good about.
